5. Our entity name, trade registration number and affiliated chamber of commerce will appear.

General Sales Director

burak.unal@istanbulafrica.com

+44 78 4012 7219

Burak Unal, Director of African Markets

Burak Unal is the Director of African Markets and Relations of Istanbul Africa Trade Company. In this role, he is responsible for leading the company's global trade initiatives and client relations. Burak is responsible for managing relations with national business councils and businessmen.

Prior to Istanbul Africa Trade Company, Burak Unal worked at Oliver Wyman, New York based management consulting firm, as a Financial Services Consultant. In his career at Oliver Wyman, he had several banking projects in Turkey, Italy and Greece. He also took part in business development activities in the Middle East region, including the United Arab Emirates, Saudi Arabia and Lebanon.

Burak holds a master's degree in finance from London School of Economics, a bachelor's degree in management from Bogazici University. He is a Chevening Scholarship holder.

Academic Thesis: Development of the Textile Industry in Kenya and Its Impact on the Balance of Trade (London School of Economics, MSc Finance)

Import from Turkey

According to current GDP figures, Turkey ranks as the 18th largest economy in the World and 7th in Europe. Economic size of Turkey is larger than the combination of Nigeria and South Africa.

Turkish companies are specialized in construction, machinery, textiles, furniture, chemical industry and metal production.

Key Facts in Focused Industries

Chemicals

Turkey is the 2nd largest producer of plastics in Europe and 7th largest producer globally. In the paint industry Turkey ranks as the 5th largest paint producer in Europe.

Metal Production

Crude steel production in Turkey rose to 37.5 million tons in 2017. Turkey's crude steel exports also increased in volume by 8.4 percent from 2016 and reached 18.3 million tons in 2017.

Construction

In the period between 1972-2018 Turkish contractors have undertaken 9300 projects in 120 countries, with a total value of 360 billion USD.

Textile

Turkey is the 3rd largest clothing supplier in Europe and 6th in the world

Machinery

Total export value of the machinery industry reached USD 13.4 billion in 2016, up from USD 5.2 billion in 2005.

Istanbul: The Business Center of Turkey

Organized Industrial Zones in Istanbul

Istanbul and neighboring cities (Kocaeli, Tekirdag and Sakarya) are the main body of Turkish industry. 38 of 271 organized industrial zones in Turkey are located in these cities..

Headquarter of the largest corporations

Most of the firms in Turkey are headquartered in Istanbul. Also, many international firms manage their Middle East, Central Asia and Eastern Europe operations from Istanbul.

Presence of international companies

Major international firms have Foreign Direct Investment and management office in Istanbul region. Some of these companies are Toyota, Mercedes-Benz, Nestle, McKinsey and Citibank.

International conferences and business forums

Istanbul hosts leading business conferences and business forums in many sector. There are specific conferences for Africa-Turkey relations such as International Turkish-African Congress and Turkey-Africa Economic Forum

Price List – PVC Pipes and Fittings

Plastherm, PVC-U Pipes & Fittings were produced according to TS-275-1, EN1329-1 / 13.4.199 by Europe and Turkish TSE Standart.

1) PVC-U waste water pipes are resistant to organic, inorganic acids and alkalines. They keep their physical specifications up to 60 C, does not get deformed.

2) Durable to outer effects as it is a hard PVC and because of its additional materials.

3) The inner surface being smooth creates an ideal liquidflow. So no filthiness as a result of a clogage occurs.

4) PVC-U waste water pipes and fittings' PN is produced with highest quality standard so noise conductivity is minimum and so provides silent environments.

5) PVC-U waste water pipes and fittings' outer protective plating provides long lasting glimmering and esthetic look even for open air installations.

6) PVC-U waste waterpipes and fittings are used safely in open air systems due to their high UV ray and stike resistancy.

About Suart

Istanbul Africa Trade Company distributes Suart bathroom products. Suart manufactures basin mixers, shower sets and bathroom accessories.

Founded in 2006, Suart Armatür Ltd. is one of the Turkey's leading manufacturers of bathroom and kitchen fixtures. The production quality is certified by the Turkish Standards Institute (TSE) quality certificates. In addition, the factory has ISO 9001-2008 Quality Management System Certificate since 2010.

The products of Suart have been exported to 18 countries under SUART and SULIFE brands.

Basin Mixers

All types of high quality bathroom and kitchen mixers.

Shower Sets

Wide range of shower mixers and bathroom accessories.

About Ser-Gün

SER-GÜN Solar Energy Systems Company has been established in 1984. The company expanded its service network with 10,000 m² high-tech factory in Antalya/Turkey, direct sales points, nationwide organized service network system and a fleet of 335 vehicles to meet the increasing demand.

SER-GÜN increased production capacity with expert engineers and 635 employees. SER-GÜN will achieve a total of 75,000m² production area after construction of 26,000m² factory at Antalya Organized Industrial Zone and 15,000 m² factory in Adana is complete.

SER-GÜN Solar Energy Systems Company manufactures its products according to TS EN ISO 9001:2008 Quality Management System criteria. Its Production-Sales-Installation-After Sale Services are conformed to ISO 14001:2004 Environment Management System and applies to OHSAS 18001:2007 / ELOT 1801:2002 Management System for occupational health and safety.

Solar Water Heating Systems

Closed Loop and Open Loop
galvanized solar water heaters.

Water Purifiers

Wide range of shower mixers and
bathroom accessories.

Price List – Open Loop Solar Heating System

Servak galvanized solar water heater is an open loop system with vacuum tubes. Water circulates naturally through this system.

Servac galvanized solar thermal systems may be used at extremely hot and cold weathers. It is suitable to use where temperature goes below zero degrees, even without the need of a solar liquid.

Polyurethane isolation is standard with Servac galvanized solar water heaters. Inner tanks are galvanized, outer tanks are special electrostatic powder painted galvanized and inner surfaces of tanks are made of food grade epoxy coated steel sheets. Copper alloy selective surface vacuum tubes are standard with these systems

Factory Price

Model	Number of Vacuum Tubes	Hot Water Capacity	Unit Price
Servak 14G	14	110L	\$155
Servak 18G	18	180L	\$185
Servak 24G	24	180L	\$200
Servak 30G	30	250L	\$240

Price List – Closed Loop Solar Heating System

Serkap is a closed loop solar water heating system. A special solar liquid that heats water indirectly and prevents the system from freezing circulates through collectors.

Serkap closed loop solar water heater is suitable for hot-cold areas with really dirty or hard water. System never freezes even below 0°C, performs well and its performance remains same as First day after long years.

Aluminum collectors are standard, copper and selective collectors are optional with Serkap closed loop system.

Factory Price

Model	Number of Collectors	Hot Water Capacity	Unit Price
Serkap KDG-2A	2	150L	\$325
Serkap KDG-3A	3	200L	\$395

Price List – Water Purifier

Ser-Gün manufactures high-quality water treatment systems. Its product range includes open case and close case water purifiers.

The company uses its own filters or LG-branded filters in its products. You can order purifiers with pump or without pump.

Open Water Purifier

Model	Capacity	Price
Without Pump	3.2 Gallon	\$64
With Pump	3.2 Gallon	\$95

Water Purifier with Case

Model	Capacity	Price
Without Pump	2.2 Gallon	\$72
With Pump	2.2 Gallon	\$98

Water Purifier with Case (LG Filter)

Model	Capacity	Price
Without Pump	3.2 Gallon	\$85
With Pump	3.2 Gallon	\$115

About Yüzüak

Yüzüak Sprinkler company was established by Mr Mehmet Yüzüak in 1968 in Western part of Turkey. Yüzüak Sprinkler distributes its products to 200 points in Turkey and exports them to about 54 countries.

Range of Yüzüak irrigation guns is consisted of 19 models with body angles between 18 – 43 degrees in different sizes and properties. As to the traveling irrigators, Yüzüak provides service to our customers with 13 versions.

The company manufactures their products in its modern facility in Kırklareli - Turkey according to international standards and regulations. All products are manufactured in fully automated CNC machines and tested with water.

Impact Type Sprinkler

The range of sprinkler varies from 9 metres to 45 metres. These sprinklers work with water impact.

Industrial Sprinkler

Gear type sprinkler for industrial irrigation use. Range of shooting up to 65 metres.

Irriforce Irrigation

Wide range of traveller rainguns for agricultural or specific use.

About Fipronet

Fipronet A.Ş., develops smart furniture solutions. Currently, they have been focusing on outdoor lighting solutions using renewable energy sources. The company had a rapid entry into the industry by combining LED technology and solar energy in the aim of providing proper lighting solutions. Fipronet supplies cable-free reliable lighting appliances to the customer.

Besides its energy saving and zero carbon emission features, the product also provides various options to user with its IoT compatible structure. Light level adjustments can be made easily by automatic dimming and Bluetooth remote access features. Thus, the system allows to avoid light pollution.

Fipronet A.Ş. provides various outdoor lighting solutions by its different models.

Solar Lighting for Parks

Off-grid solar lighting system for parks, sidewalks and cycle paths.

Street Type Solar Light

Off-grid solar lighting system for highways, streets & city main roads.

Emergency Lighting System with Battery Backup

On-grid lighting model and operates in the event of a power failure with battery backup.

REFA-L Solar Lighting for Walkways and Parks

The model REFA-L, specifically designed for walking trails, parks and gardens, provides secure and smooth illumination at nights as well as in emergency cases such as power cuts, disasters and earthquakes.

System does not require cabling and trenching, also it provides simple plug-in solution with its aesthetic and portable structure.

Luminaire options between 1600-4800 lumen and pole heights ranging from 3m - 3,5m are available.

Model	REFA L300	REFA L350
Luminaire	ZONE - symmetrical 60° - 120°	ZONE - symmetrical 60° - 120°
Lumen	4000	4800 lm
Color Temperature	3000K - 6000K	3000K - 6000K
protection Class	IP65	IP65
Battery	Lithium	Lithium
Autonomy	min. 2 days	min. 2 days
Working Temperature	-20°C +60°C	-20°C +60°C
Pole Height	3 m	3.5 m
Weight	21.1 kg	22.4 kg
Price (EXW Istanbul)	\$780	\$870

REFA-T

Solar Lighting for Walkways and Parks

REFA-T model, specifically designed for walking trails, parks and gardens, provides secure and smooth illumination at nights as well as in emergency cases such as power cuts, disasters and earthquakes.

System does not require cabling and trenching, also it provides simple plug-in solution with its aesthetic and portable structure

Luminaire options between 1600-5600 lumen and pole heights ranging from 3,5m - 4m are available.

Model	REFA T350	REFA T400
Luminaire	ROAD - asymmetrical 120°	ROAD - asymmetrical 120°
Lumen	4800 lm	5600 lm
Color Temperature	3000K - 6000K	3000K - 6000K
protection Class	IP65	IP65
Battery	Lithium	Lithium
Autonomy	min. 2 days	min. 2 days
Working Temperature	-20°C +60°C	-20°C +60°C
Pole Height	3.5 m	4 m
Weight	29.1 kg	32.4 kg
Price (EXW Istanbul)	\$870	\$960

ROTA Angular Solar Lighting

Rota model is suitable for various application areas with its aesthetic and modular structure.

The solar panel can be rotated manually to obtain maximum utilizing from the solar irradiation.

System does not require cabling and trenching, also it provides simple plug-in and play solution with its aesthetic and portable structure.

Luminaire options between 1600-5600 lumen and pole heights ranging from 3,5m - 4m are available.

Model	ROTA 350	ROTA 400
Luminaire	ROAD/ZONE - symmetrical 60° -120°	ROAD/ZONE - symmetrical 60° -120°
Lumen	4800 lm	5600 lm
Color Temperature	3000K - 6000K	3000K - 6000K
protection Class	IP65	IP65
Battery	Lithium	Lithium
Autonomy	min. 2 days	min. 2 days
Working Temperature	-20°C +60°C	-20°C +60°C
Pole Height	3.5 m	4 m
Weight	23.0 kg	24.4 kg
Price (EXW Istanbul)	\$870	\$960

ILKA Street Type Solar Lighting

ILKA Solar Lighting System is a suitable solution with its comprehensive configuration options for areas, parks, streets and highways that require high illumination.

Luminaire options between 30W-100W and pole heights ranging from 4m-9m are available.

Model	ILKA 400	ILKA 600
Luminaire	ROAD/ZONE 60° -120°	ROAD/ZONE 60° -120°
Lumen	6400 lm	9600 lm
Color Temperature	3000 - 6000 K	3000K - 6000K
protection Class	IP65	IP65
Battery	Lithium	Lithium
Autonomy	min. 2 days	min. 2 days
Working Temperature	-20°C +60°C	-20°C +60°C
Pole Height	4 m	6 m
Weight	149 kg	160 kg
Price (EXW Istanbul)	\$1,300	\$1,500

ISMA Battery Backup Emergency Lighting System

ISMA Battery Backup Emergency Lighting System, on-grid lighting model, operates additionally in the event of a power failure. System provides 3-12 hours of illumination during blackout.

Luminaire options between 40W-80W and pole height 4m, 6m and 8m are available.

The system provides standard illumination via utilizing the electricity from the grid. In the event of blackout, ISMA continues to provide illumination uninterrupted by using the power stored in its battery backup system.

Model	ISMA 400	ISMA 600
Luminaire	ROAD/ZONE 60° -120°	ROAD/ZONE 60° -120°
Lumen	6000 lm	9000 lm
Color Temperature	3000 - 6000 K	3000K - 6000K
protection Class	IP65	IP65
Battery	Lithium	Lithium
Autonomy	2-15 hours	2-15 hours
Working Temperature	-20°C / +60°C	-20°C +60°C
Pole Height	4 m	6 m
Weight	53 kg	85 kg
Price (EXW Istanbul)	\$700	\$780
